Minor: Philosophy

Graduation: December 2019

STUDY ABROAD (2017)

Regent's University London, UK

Courses in Liberal Arts

Art History, Media, Psychology, Quantitative Analysis

EXPERIENCE

Web Designer / Developer - Intern

Dialogue House Assoc. 2019 - Present Beachwood, OH

- From scratch, redesigned the old website (over 200 web pages) to a modern looking responsive website
- Built reusable components using the KIT language and tools such as PrePros and CodeKit

Main Deliverable: The website still under development, can be accessed at <https://hondohondo.github.io/DHWebPrePros/>

Web Designer / Developer - Contract

ORG Holdings Ltd. 2019 Mayfield, OH

- Designed the firm's website, user interface, mobile framework and navigations solutions using HTML, CSS, SASS, JavaScript
- Designed and developed the overall functions for the two websites which included a landing page

Main Deliverable: Developed a fully functional website, can be accessed at <https://hondohondo.github.io/Website-ORGPM/>

Front-end Web Developer - Intern

216Digital Inc. 2018 Twinsburg, OH

- Translated web design files from Adobe Photoshop into valid markup and styles using HTML5, CSS3, Bootstrap and SASS
- Utilized Git and Github for version control and parallel team development
- Edited WordPress sites and customized styling of the layout by adding appropriate CSS codes

Main Deliverable: Developed a UI for an e-commerce site, can be accessed at www.bigleaguelawns.com

PROJECTS

Personal Website

From scratch and using HTML, CSS, jQuery and some PHP built my personal site for online presence, www.mosesnandi.com

Web Application

Built a quiz application (study tool) using HTML, CSS, Web Storage API and a JavaScript library, P5.js to help students study during exams accessed at, www.simplestudytool.com

Relevant Courses:

Database Systems and Data Visualization
Software Engineering Project
Software Application Development
Web Design and Image Processing
Object-Oriented Design and Programming

TECHNICAL SKILLS

HTML5	CSS3	Photoshop
JQuery	JavaScript	Adobe XD
SASS	Bootstrap	ASP.NET
WordPress	PSD to HTML	NPM

P5.js	SQL	Responsive Design
Git	GitHub	Mac / Windows / Linux

EXTRA CURRICULAR

Online Instructor

I am an online instructor. I create online courses tailored to beginners on how to use computer applications such as Adobe Photoshop, iMovie, and other Tech skills.

Over 7000 students from over 100 countries have enrolled in my three courses on Udemy, <https://www.udemy.com/user/moses-nandi/>

ONLINE PORTFOLIO

Using recent trends in web development I developed an online portfolio which has a collection of all my projects. It can be accessed at www.hondohondo.com

GITHUB ACCOUNT

A collection of all my web projects plus other applications can be accessed in my Github account here: <https://github.com/Hondohondo>

Moses Christopher Nandi

Tech Support | IT Specialist

www.hondohondo.com mnandi19@jcu.edu 216-789-8021

EDUCATION

John Carroll University, Cleveland, OH

Major: Computer Science

Graduation: December 2019

STUDY ABROAD (2017)

Regent's University London, UK

Courses in Liberal Arts

Art History, Media, Psychology, Quantitative Analysis

EXPERIENCE

IT Customer Support

John Carroll University ITS 2016 - Present Cleveland, OH

- Provide weekly technical support for conferences, lectures and set up media equipment for special events
- Attend over 10 calls per day solving issues ranging from password resets, software installation and malware removal
- Act as first point of contact for students, staff, faculty and guests seeking assistance for technology on campus
- Troubleshoot technical problems over the phone and in person, and maintaining the smooth operation of the technology

Mac Lab Technician / Teaching Assistant

Center for Digital Media JCU 2016 - Present Cleveland, OH

- Assist the professor in teaching over 60 students a project based class in Adobe Photoshop and WordPress
- Manage the department WordPress site with updates and help with the creation of various forms of digital media
- Maintain and monitor 12 Mac-workstations with software updates and troubleshooting to serve over 100 students weekly

IT Instructor

Classrooms to Corporations 2018 - 2019 Cleveland, OH

- Taught high school students IT skills such as computer troubleshooting and Microsoft refurbishment program
- Supervised students to upgrade (memory replacement, OS installation) and triaged over 20 computers each week
- Demonstrated to students the process of diagnosing computers by giving them a practical understanding of computer parts

Help Desk Support / Technician (PC and Network)

John Carroll University ITS 2015 - 2017 Cleveland, OH

- Utilized and maintained the service desk tracking software (Web Help Desk) and monitored Service Desk to process tickets
- Used the PuTTY software to script the VLANs into their respective ports and utilized the Fluke to resolve Ethernet ports problems
- Collaborated with the network director to install 10 new Cisco modules across campus that doubled the internet bandwidth
